

WE BRING IT BACK!

REX PERFORMANCE PRODUCTS RECYCLES PE

CUSTOMER SCRAP *program*

Part of a commitment to our customers and the environment, our customer scrap program is designed to save customers money by avoiding landfill expenses. Coupled with an internal closed-loop recycle program, Rex Performance Products helps minimize environmental waste.

ECO 170 AND 220

.5" - 12" *laminated plank*

ECO foam provides an economical solution for product protection. With similar properties to standard laminated plank, ECO offers customers the choice of sustainable extruded materials with a minimum of 60% recycled resin content.

ECO BLACK

MEDIUM DENSITY ECO BLACK

.5" x 48" x 125' *roll*

Medium density. High recycled resin content. A cost-effective alternative to traditional roll stock utilizing a minimum of 60% recycled resin.
